VISUAL MERCHANDISING

Cutting-edge design with a high benefit for the customer at the POS: MONTREAL's stylish glass side panels and LED interior lighting ensure perfect product visibility. The smooth-running sliding lid and easy access to merchandise appeal to customers and boost sales.

HIGH ENERGY SAVINGS

With its sophisticated technology and construction featuring AHT e-conomize and a compressor with electronic RPM-control, MONTREAL reduces investment and operating costs compared to conventional integrated systems.

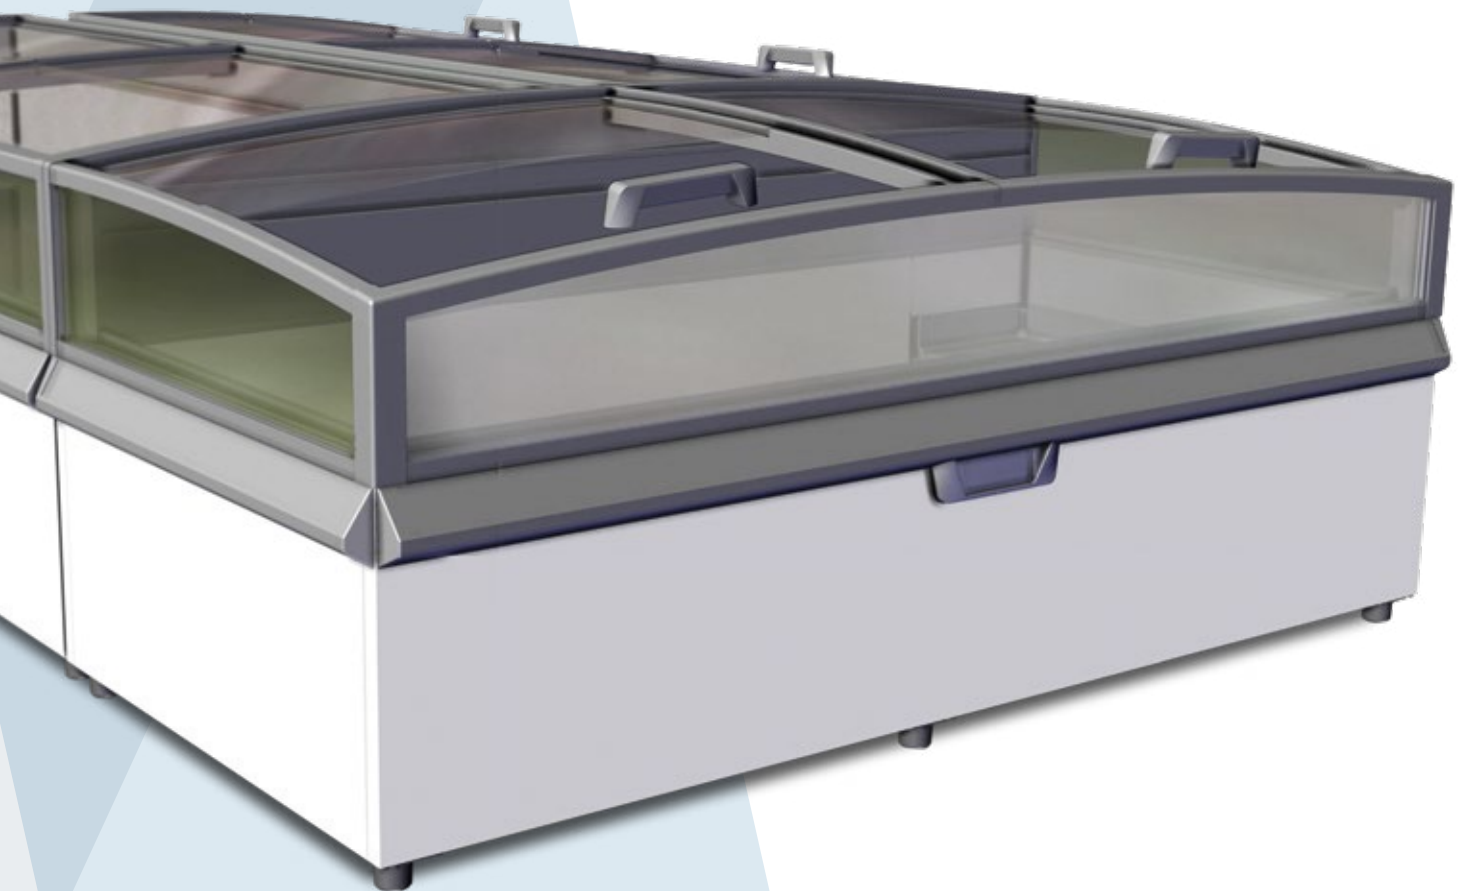

SEMI-AUTOMATIC DEFROSTING

Regular defrosting while maintaining constant product temperatures significantly reduces cleaning costs. The plastic interior lining optimizes merchandise hygiene even further.

INTELLIGENT INSTALLATION

Ready to plug in with no installation effort and zero-maintenance refrigeration technology by AHT — MONTREAL lets you profit twofold in purchase and operation.

ENVIRONMENT- & CLIMATE-FRIENDLY

Important for a green conscience: MONTREAL is entirely free of CFCs and FCs, instead using the environment-friendly and natural refrigerant propane (R290).

TEMPERATURE RANGES

Refrigeration	+3 °C to +15 °C ¹
Freezing	minus 18 °C to minus 23 °C
Meat chilling	0 °C to +2 °C ²

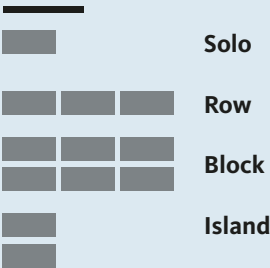

¹Fixed preset, can be changed by service technician

²No semi-automatic defrosting in "meat chilling" mode

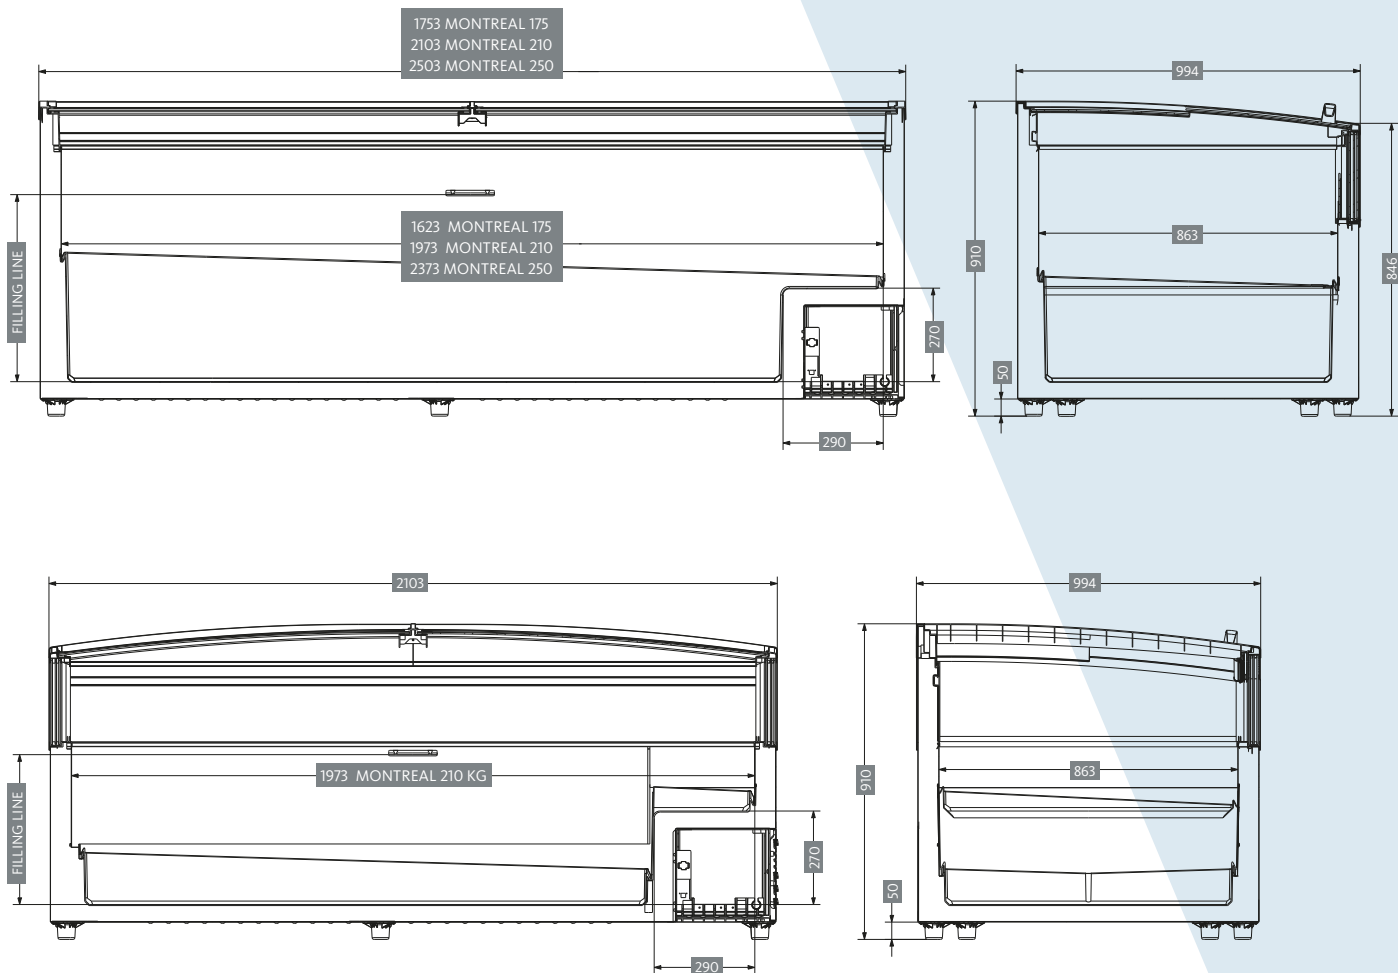

MONTREAL: THE FLEXIBLE ALL-ROUNDER WITH A HIGH IQ

The purpose of frontiers is to go beyond them. Our intelligent Plug&Chill concept does so in a technological sense by providing complete freedom of positioning in the store. Ready to plug in for new stores as well as for retrofitting of existing locations. Unlimited freshness made by AHT.

PLACEMENT VARIANTS

- Optional: end units on both sides
- Extendable with commercially available shelf extensions
